

# Plantronics CS60

The lightweight and stylish CS60 headset can be worn in a choice of three ways: over the ear, headband and a unique behind the neck design. With an optional handset lifter calls can even be taken away from the user's desk. The Plantronics IntelliStand feature senses when the headset has been removed from the base, automatically lifting the handset and directing the call into the headset.

Code	Description
28122	- Headset (euro)
23853	- Headset
38964	- Headset & Base (Euro)
24019	- Headset & HL10
34116	- AWH65 Avaya (euro)
29380	- AWH65 Avaya
28142	- Headset & HL10 (euro)

- Wireless freedom and hands-free calls
- Choice of 3 wearing styles: over the ear, behind the neck and headband
- Up to 100m range (dependent upon environment), typically 50m in an office
- Up to 9 hours talk time
- Fast battery recharge
- Receive volume control
- Mute button and talk button
- Simple to install and use
- IntelliStand senses when the headset is removed or replaced in the base unit to automatically pick-up or terminate a call (requires HL10 lifter)
- AWH65 option has in-built hook switch which plugs into all Avaya phones with an EU24/ADJ port (removes the need for HL10 lifter)
