

# Polycom IP 650 6-Line SIP Phone

Designed to appeal to both executive users who require advanced features and applications, and telephone attendants who need multiple line support and enhanced call handling capabilities, the Polycom SoundPoint IP 650 sets a new standard for a high-performance IP phone. The SoundPoint IP 650 is the first IP phone to use Polycom's revolutionary HD Voice technology that delivers voice communications of life-like richness and clarity. The phone's SIP 2.0 software fully supports Microsoft Live Communications Server 2005 for telephony and presence, and integrates with Microsoft Office Communicator instant messenger client.

- Integration with Microsoft LCS 2005 and Microsoft Office Communicator USB port for future applications.
- XHTML microbrowser
- Backlit 320x160 graphical grayscale LCD
- Integrated PoE support
- Six lines (standalone) / 12 lines with Expansion Module(s)
- Shared call / bridged line appearance
